The Year of the NCO; the Year for BOSS!

Year of the NCO; This year marks a special time in our history, both for our Army and our program. Throughout 2009, the Army honor NCOs through initiatives and events that will enhance awareness, provide public understanding of the roles and responsibilities of today's NCO and lastly, enhance and accelerate the development of NCOs through education, fitness, and leadership development initiatives. I encourage all BOSS NCOs to share your experiences with friends, relatives, and even strangers. Go to www.army.mil for more information.

Year for BOSS: As we go into 2009; our single Soldiers need us more than ever. Now is the time to challenge yourself, your program, and everyone around you to give more. We impact our communities daily, raise quality of life concerns, and plan and execute recreation and leisure activities with the best of them; however our Soldiers deserve more. It is time to take our program to the next level. I encourage all BOSS personnel to stay focused so that this year is the best year yet; for we are not just Army Strong, we are BOSS Strong!
